The illustration depicts a vibrant scene of children and adults. At the top, a group of five children are playing together. To the left, a girl in a pink outfit is jumping, and a boy in a purple shirt and orange scarf is holding a green frog. On the right, a girl in a blue hat with a yellow flower is peeking, and a boy in a green jacket and backpack is walking. In the center, a large white box contains the text. At the bottom, a group of children and an adult are gathered around a yellow table, engaged in drawing and playing with toys like a red mushroom and two small grey mice. In the background, two children are painting a large sun and a house on a wall.
